## **Your Course Objective:**

What are your objectives in taking this course? Please **circle a minimum of three areas** that you would like to focus on within the time frame of the course. Please **rate them in importance from 1 to 3**, with 1 the most important:

#### **Strengthening Current Venture:**

??	Evaluate existing product mix and/or current production systems	??	Involve family in decisions
??	Analyze profit/loss centers and use break-even indicators for operational	??	Learn about risk management
	decisions	??	Reevaluate business structure
??	Develop financial planning skills	??	Run business more efficiently (create more free time)
??	Prepare for farm succession		,
	-	??	Conduct market research
??	Become/Continue to be eligible for FSA		
	or other source of financing	??	Define needs and sources for technical assistance
??	Set-up bookkeeping/payroll system		
??	Other:		

#### **Evaluating New Ventures**

- ?? Develop new product options (indicate current ideas):
- ?? Conduct a feasibility study for potential new venture (describe):

Overall, what do you need from this course to strengthen the economic viability of your enterprise?

Additional comments that you feel may help us evaluate/understand your interest in and/or expectations for this course:

### **Enrollment Information**

#### **Tuition**

While most of the program cost is underwritten through an award from the Massachusetts Department of Food and Agriculture, each participating business pays tuition of \$300. If your farm is not located in MA, please contact the Director for out-of-state fees and services. We request payment when your application is processed to reserve your space. Your check will not be cashed until two weeks before the course begins. Your check will be returned if we are unable to accept you into this particular session, or if the course is cancelled. We reserve the right to select applicants whose projects will best be served by this program.

#### **Applicant Agreement to Program Requirements**

Students will be expected to:

- 1) Prepare and discuss with your Instructor historical financial records that will serve as a confidential base-line for your plan
- 2) Attend a pre-course orientation/financials workshop
- 3) Miss no more than one course session
- 4) Complete "homework" assignments between sessions, seeking additional help to do so as needed
- 5) Complete and submit a copy of your business plan for confidential review

#### **Confidentiality Statement**

All financial records and business plans will be kept confidential and will not be discussed in class (unless you choose to use specific examples). The purpose of submitting your historical financial information for individual review with your Instructor is to help you clarify the current status of your farm finances to determine how the program can best assist the development of your business plan. It is important that you know your real capacity to implement your plans, and it is important that you separate out personal assets that should not be placed at risk in your business (unless you make an informed choice to do so). You will use this information to help focus your work throughout the course. The program instructor will review your business plan during and after completion to help you identify where you need to conduct additional research and obtain technical assistance. Business plans may be reviewed by the Program Director at the Massachusetts Department of Food and Agriculture for program documentation/evaluation purposes. Plans will not be duplicated or distributed. You may choose to give specific written permission for a sanitized (unidentifiable to you or your specific business) copy to be used as a generic future case study by other learners. If you have any concerns or questions about any of the program requirements, please contact the Program Director (Rick Chandler) at 413-577-0459.
